1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 14 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 14 lines 1-2, the recitation "said plurality of guide pieces" lacks antecedent basis. Accordingly, it is not understood how the guide pieces are related to various other recited elements.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 11, 12, 16, 19, 20, 24 and 25 are rejected under 35 U.S.C. 102(b) as being anticipated by Sato.

Sato teaches a medium conveying apparatus including a pressing member 4 which extends along a length of a conveying roller shaft 2a wherein the pressing member presses the shaft at plural locations along the shaft. There is also provided at least one force providing member comprising spring 3. Further, the pressing member is rotatably support about 6 so as to provide a fulcrum.

5. Claims 13, 15, 17, 18 and 21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Claim 14 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
7. Claims 22 and 23 are allowed.
